SUMMARY

Detail-oriented and analytical Data Analyst with a strong foundation in data cleaning, visualization, and reporting. Skilled in Excel, Power BI, SQL, and beginner-level in Python, with hands-on experinece gained from practical projects during a data analytics training in Mentorship for Acceleration. Skilled at identifying trends, interpreting datasets, cleaning datasets, and presenting insights clearly to both technical and non-technical audiences. With background in Education, I bring excellent communication, problem-solving, teamwork and collaboration, making me effective at transforming complex data into meaningful storytelling and narratives. Eager to apply my skills in real-world business challenges while continuing to grow as a professional in analytics.
